

myPower™ ALL *plus*

EXTERNAL LAPTOP BATTERY
with AUTO DETECT

MP3700

Double your battery life!

myPower™ ALL Plus doubles the life of your laptop battery, providing up to seven hours of extra power when maximized with the extended battery. Truly universal, this efficient lithium polymer battery automatically detects the voltage of the connected laptop making it quick and simple to use. A bonus USB output port enables you to simultaneously charge other small portable devices, like cell phones, iPods, Zune® and more.

myPower™ ALL Plus charges and/or powers laptops and virtually any portable device—anywhere, anytime—making it a versatile solution for the power needs of mobile products, on the road and at home. Most portable devices are often in need of recharging after just two to four hours of use. With myPower ALL Plus, you can enjoy hours of extended time on laptops, MP3 players, portable CD players, mobile phones, and other 5V portable consumer electronic products.

myPower™ ALL Plus is modular, so you can add a second battery to this lightweight rechargeable battery to double the life of your laptop battery between charges.

myPower™ ALL Plus comes with nine adapter tips, including a Mini USB tip, for connection to most small portable devices. Additional adapter tips and the extended battery (MP3450-10) are available at the Tekkeon Store at www.tekkeon.com.
